

Drexel's Campus should be developed along its eastern edge to provide a ground level transition between the Drexel Main Campus and surrounding City. The campus should provide primary Retail, Residential, Recreational and Classroom space between 32nd Street and 30th Street along Market Street and Chestnut Street as an inviting space for both those coming from Center City, those coming from Drexel and for those coming from out of town through 30th Street Station. It should also provide Secondary Retail and Recreational space along 32nd Street along with Retail and Residential space at Powelton Avenue and 31st Street. All parking areas along this highly valuable edge should be replaced with parking off site, preferably in the proximity of Vidas Field, with a more valuable campus shuttle route making use of this newly developed eastern edge as well as further into campus. New buildings should provide either: important student, retail or restaurant space on the first floor, with housing and classroom space above, surrounding open quad spaces. Sidewalks should be expanded and developed, along with fences which
